# THE UNIVERSITY AT COLLEGE PARK

These are great days at the University of Maryland at College Park. The university has been designated as the state's flagship campus with a mandate to become one of the nation's leading public universities. Individuals from all corners of the university are encouraged to aspire toward excellence, to think great thoughts and to become immersed in an educational enterprise of the highest caliber. There is an unmistakable momentum for change and a sense of heightened expectation at College Park--*Maryland is choosing quality.*

The faculty have enthusiastically endorsed a general education program that began in 1990 and is a blueprint for comprehensive changes in the undergraduate experience. The campus has been reducing its undergraduate enrollment, improving the ratio between faculty and students, raising admissions standards, revamping the University Honors Program, strengthening the advising system, supporting expanded undergraduate research and encouraging innovations in teaching.

Our location adds to the excitement on campus, too. Few regions in the nation have the intellectual, cultural and physical resources to compare with those in the Baltimore-Washington, DC. corridor. College Park's location astride that corridor means that Maryland undergraduates may tap these resources to their fullest through internships, research projects, cooperative work-study and other programs offering hands-on experience.

The state of Maryland is unrivaled in its scenic beauty, its rich heritage, and its wealth of educational, recreational, and cultural opportunities. From the mountain passes of Garrett County in the west, to the sand dunes of the Eastern Shore and the cosmopolitan excitement of Baltimore and Washington, D.C., there is unparalleled variety of experiences and resources available to students at the university.

We invite you to take a closer look at the University of Maryland, its extensive academic programs, faculty, research facilities, student activities and support services and the resources and opportunities it offers. See for yourself the number of different ways in which Maryland is choosing quality. There has never been a better time to choose Maryland.
